- Trasformatori da incorporare IP00.
- Classe termica di isolamento B = 120°C.

- IP00 transformers for integrated installation.
- Thermal insulation class B = 120°C.

- Eventuali potenze e tensioni speciali su richiesta.
- Special power and voltage on request.

Dati tecnici

Norme di riferimento	EN 61558-; EN 61558-2-6
Tensione	220 V - 12 V 220 V - 24 V
Frequenza	0/50...60 Hz
Potenza	50 ÷ 500 VA
